“ *Uncle Roger was my favorite uncle. He was a kind and loving man who adored his wife and family and was so proud of everyone of them. Roger loved chocolate chip cookies with walnuts and he would call if was planning on being in Fargo and wanted to make sure that I had time to bake him cookies and to get together for even a few minutes for a short visit. I will always remember this very sweet loving man and watch out heaven because another Farrell is about to arrive and shake things up.*

*Sending all of my love to Aunt Shirley and family.*
