RD

“ I would like you to know how sadden I am to hear of Ron's passing. My memories of Ron are full of fun times at the cabin in the summer. I remember taking the boat to the lakeside shop to get "free candy". It was the coolest store ever! Little did my brothers and I know that it was all paid for on credit by Ron. We never knew! I remember watching *The Quiet Man* at every family get together. It remains one of my favorite movies. May God bless you all in your time of grief.

“ Lynn, Twylah & Family,

I am so very sorry to learn about Rons passing. He was one of the most impressive men that I have had the opportunity to meet. I will always remember our Our bicycle rides together. They were a very special time. My thoughts are with you all.
