“ *I remember living together with Ross & Paula for a while after my divorce and Ross not only made great dinners for all 6 of us but really made my girls laugh and feel loved at a time when they really needed it. Ross & Paula helped me through a very difficult time and were always there to support me and the girls. I could not have made it through that time without either of them. Even though it has been many years since we have seen them my girls now grown with their own familys remember those days and we laugh and cry at the same time. Ross you will be so missed!!*
