“ While the loss of a loved one is never easy it is most certainly the hardest when they are taken from us too soon. The loss of your son who has left us at such a youthful age is definitely in the category of those hard losses for which there is so painful a reminder of what might have been. I offer my sincere condolence and deepest sympathy on your loss. May the outpouring of sympathy, the kind acts of friends and strangers and the comfort in knowing that your loss is felt by many, help you and your family through this difficult time.
