“Sandy, I don't even know where to begin. I am still trying to wrap my head around your passing. I think we met about 10 years ago as volunteers for the Minnesota Humane Society (MHS). During that time we became friends. I will miss going out for dinner, going to the movies and our trips to the Arboretum. Jazz and Murphy will also miss our walks at the dog park. You were a great dog sitter! I've tried to explain to them that you will not be able to take care of them anymore. You were also my go to person when my computer or my cell phone had my brain all crazy. I miss our friendship. Rest in peace! Donna

“Sandy’s life story began unfortunately by losing her mother (Lois) from heart surgery when she was only 5 months old--- and Ron, her “big” brother, was 6 going on 7 years. She was raised by her dad (Tom) and years later with some added help from her brother Ron. She turned out pretty good. She became a beautiful, smart, and clever young lady who often used humor to make her point. I always loved that side of my cousin. I will truly miss our occasional emails back and forth and I have that feeling of loss not only for a cousin but a dear friend. I just cannot find the words Ron to express how you must be feeling with such a tragic loss. I know the relationship with your sister was a close one. She always spoke very highly of you and cared so much about you. Know that you have me along with the rest of your “cousin” family to help and support you while you are experiencing one of the hardest things in life-a loss of a sibling. Her spirit is now safe with God and I truly believe she is meeting with love your mother for the first time. My prayers are with you Ron and Jamie. Know that every time you think of Sandy –she will not be far away-she will always be right there in your heart.

Love you,

Kathy
