“ I wasn't ready to lose you. No one was. As if your passing weren't enough,, true intentions & the reality of hearts.... the truth, slowly emerged with the painful realizations of a loss far beyond my understanding could be. They are all gone. One by one.. hearts turned bitter & cold.... turned to themselves. Each lost, each has his own misery. Ego driving forces behind each selfish act & the deeds done with intent to manipulate and deceive. This I have to leave. It is not mine.

Anyway, I miss you mom. You are the only and last to love me.
