November 26, 1941 - June 3, 2024

Sara "Sally" Stout (Steven), age 82, died June 3, 2024. Survived by her husband of many decades, their son and daughter, son-in-law, and granddaughters. She had a life of satisfying interests, friendships, contributions, and accomplishments. Despite later in life health challenges, she lived longer than she expected to live and did so happily. “ Though Sally and I hadn't seen each other for years, my heart sank when I read her obituary. She was one of four children of the most wonderful, vibrant family imaginable; and Sally positively epitomized that vibrancy. Her older sister, Margie, was a close friend of mine and without question, many of the happiest moments of my young life were spent in that extraordinary home. Even though friends of an "elder" sibling might be "little aware" of the younger sibling of that friend.. still, it was evident that Sally, from the start of her life, had a unique presence, a lightness of being, and charisma. I am certain that Sally possessed those same qualities throughout all of her life to the end. I send my most heartfelt sympathy to the family of that dear, wonderful and unforgettable woman.

Sarah was a “partner in crime” trying to stay ahead of our teens together. Sometimes we succeeded!! She took a pic of our oldest Grandson (now 38) when Mitch and David graduated. I still have it out for all to see. She was such a gift. Sending our condolences to all of you. Meg and Dennis Tuthill
