

Scott David Lippert

June 8, 1978 - March 1, 2025

God blessed Scott with many talents and gifts, and Scott's easy smile and infectious laugh were evidence of his wonderful but all too short life.

Scott was "all in" on everything he did. He was fully invested and there was no in between. There was no greater display of this ethos than the fierce love he held for his family. To say his family was his priority is vastly minimizing Scott's love and dedication to Amy, Luca, Katie, and Andrew. Scott cherished his beautiful bride, Amy, whom he adored for 27 years and whom his world revolved around. Luca, Katie, and Andrew were the joy in his days. You probably never had a conversation with Scott where he didn't share with you with immense pride about his children. Not only would he share their many academic, musical, and athletic accomplishments, but he wanted you to know what genuinely good people they were growing up to be. Every school activity, sporting event, or musical pursuit took precedence in his schedule. Scott was the fixer, the do-er, the scheduler, the prankster, the hoops shooter, the planner, the advice giver, the workout buddy, the world traveler, the solver, the joke teller, the type A-er, and the tennis partner. No one could imagine a more loving, kind, devoted husband and Dad.

If you knew Scott, you knew that he bled burgundy and orange for his alma mater, Virginia Tech. A proud Hokie, Scott graduated with honors with a BS in Management Science and was a member of Sigma Pi. The Corps of Cadets

and ROTC program at VT was where Scott's foundation of giving his best efforts to whatever he undertook was developed. He was also named the VT Man of the Year in 2000, which was a wonderful honor and also a priceless opportunity for his siblings to mercilessly rib him. His love of all things VT is inextricably linked to meeting Amy and later, marrying her at the campus chapel.

Scott was commissioned into the U.S. Navy and was pinned by his Dad, who was also active duty Navy. He proudly served for 7 years, including a tour on the submarine USS MAINE (SSBN-741), as well as teaching at the Nuclear Power Training Command in South Carolina. He earned a Masters in Engineering Management from Old Dominion University.

Scott and Amy moved to Newnan, Georgia, where their young family continued to grow. Scott's civilian career started with McKinsey & Company as an Associate Partner, serving clients worldwide. They next moved to San Antonio for five years, where Scott brought his talents to USAA where he combined his love of our service members and veterans along with his financial expertise as the Chief Strategy Officer, CAO, and Head of Shared Services. During COVID, the family moved to Edina, Minnesota, where Scott served as the Executive Vice President and COO, Contact Centers at U.S. Bank. Scott's commitment to excellence was recognized throughout his career; not only for his technical expertise but his leadership, integrity, and ethics. In his "spare time" over the years, Scott served in various volunteer positions, including as a Big Brother/Big Sister and on the Board of Directors for McCormick Research Institute, whose mission is to serve veterans and individuals with special needs through equine assisted therapy.

Scott was born on June 8, 1978, in Harrisburg, Pennsylvania. As the first child to his parents, he obviously received no attention or love. He will forever be missed by his parents, Keith and Linda Lippert; his cherished wife, Amy

(Clevinger) Lippert; his precious children, Luca, Katie, and Andrew; his four legged family members Chloe, Riley, and Howie; his sister and brother-in-law, Laura and Eric Jensen, and nieces Molly and Caroline; sister and brother-in-law Cathy and Mike Muraco; his mother-in-law Suk Clevinger and brother-in-law Tim Clevinger; aunts, uncles, and cousins; and more friends and colleagues across the country than we can count, who brought laughter and community to his life.

Scott suddenly and unexpectedly passed away on March 1, 2025, leaving a forever hole in our hearts. Because of his faith in Jesus Christ, we know Scott was warmly welcomed into heaven and was reunited with his grandparents, Bob and Ruth Scott and Fred and Lucille Lippert, and his father-in-law, Hershel Clevinger. We like to think that Scott was greeted by his "once in a lifetime" dog, Charlie, and they are once again enjoying each other's company.

We invite his family, friends, and colleagues to help us honor and remember Scott at their church, Mt. Olivet Lutheran Church, located at 5025 Knox Avenue South, Minneapolis. Visitation will be held Friday, March 7, 2025, from 12 pm to 2pm Central time. The funeral service will begin at 2 pm Central time at Mt. Olivet Church, immediately followed by a reception. We know many will not be able to attend due to distance and we hope you will be able to join us via the live stream of the funeral service at 2 pm Central on the church website: <https://mtolivet.org/live/>

In lieu of flowers, please consider donating to the college fund that has been set up for Luca, Katie, and Andrew: www.gofundme.com/f/ScottLippertLegacy

“ Just saw in the VTCC magazine that Scott passed, very sad. I was a few years ahead of Scott at VT and I'm pretty sure I was in the same company as him in the VTCC. He was a great guy. Condolences to his family.

“ Scott was such a great guy. I had the pleasure of working with him when he was an associate at McKinsey & Co. We were basically the same age yet he'd accomplished so much already. Very sad hearing this.

“ I had the opportunity to work with Scott at McKinsey for quite a while, and he was one of the EMs who “showed me the ropes” back as an associate. I'd rib him (and Chuck) constantly for being navy nuke nerds (not proper Airborne Ranger warriors) and they would give it right back in pranks. I am so saddened to hear about his untimely passing, and hurt all the way to my core for his family right now. I am so sorry for your loss, Scott was a great guy and a loyal friend

“ Amy and other members of Scott’s family, I am so very sorry to learn of his passing. I worked with Scott at USAA and we stayed in touch as he transitioned to US Bank, as my hometown is Minneapolis, MN. From the day that I met him at USAA, I admired Scott. His integrity and commitment to doing the right thing were worn on his sleeve. As a sister of a career Navy Captain, Scott represented to me all that its important to many of us as US citizens. I hope that you can cherish the wonderful memories you shared with Scott and we know that he is in a good place in God’s Kingdom. My sincere condolences. Kathy Dick

“ Amy and family,

I am deeply sorry for your loss. Scott was a force—full of energy, drive, and strength in our team at USB. He pushed us all to be better at whatever we were doing and was so supportive to all. His guidance and impact on all of us will never be forgotten. Your family is in my thoughts and prayers. Sending love and support to you all during this difficult time.

“ My friend, Scott Lippert

*You left us too soon
With a gaping hole in our hearts
Where cherished memories now live.
Are these your weathered hands
That in your own unique way
To grieving hearts, a gentle comfort they give.
We celebrate you, O' kind soul!*

*Our time together, in the eternal journey of a soul
Is just a flash, beyond our control.
Your flash shone so brilliantly, in fact
Serving the nation, your colleagues, and your family
It left on our lives, an indelible impact.
We celebrate you, O' steadfast warrior!*

*A thinker, a gentleman, and my friend
Empathetic and purpose driven
With an uncompromising pursuit of excellence
True to your core, what was shown always given.
We connected on our philosophies of being,
and these shared traits.
I will miss you dearly,
Unsure how this pain abates.
I celebrate you, O' wonderful friend!*

*A reminder so solemn
Of the fragility of life
The promise it represents
The impact it can provide.
Every moment from this point forward is a gift
To be spent wisely, to pay our due
And to cherish, to honor, and uplift.
We celebrate life, its purpose inspired by you!*

*Your friend, forever.

“ *My memories of Scott are very limited, due to knowing the family just a few months; but the memories are filled with pride, love and devotion. That's how I would describe Scott. I remember Scott as a hard working man, loving his family deeply.*

My thoughts go out to Amy and the children, family and all that loved him.

“ *My sincerest condolences for your loss. Scott was an incredible man and loved his family and his U.S. Bank team so much. I learned so much over the past few years working with Scott. He brought the best out of everyone. He truly inspired all of those who knew him. He had an incredible background, story, and journey. It is very clear how much he loved his wife Amy and his children. I cannot even imagine how hard this must be for his family and friends. It is important to try and remember all the amazing memories you have with Scott and know he will always be looking down to make sure things are okay. Our thoughts and prayers are with you all during this very difficult time.*

“ Scott was an incredible mentor and advocate for me in my career. I met him while I was still early in my career just trying to break out my hourly role at Citizens and into something better, that opportunity came when I had a chance to work with him on a Lean transformation project.

Scott was already well established with his career at McKinsey and I remember being immediately in awe of his resume and intellect, it's not every day you meet a Navy nuclear engineer turned prestigious management consultant. At first I was intimidated by his presence, he always knew how to command a room and a conversation.

Later, as I got the opportunity to work with him I found him to be incredibly approachable and someone who genuinely cared about helping to develop and mentor those around him. He didn't care that I didn't have an MBA or a senior title, he listened to my ideas, helped me refine them and in the 6 months I go to work with him, he did as much as anyone to help me develop professionally. More importantly, he also took a genuine interest in me personally, he wanted to know my story and my goals, we enjoyed discussing current events and debating sports and politics. He was a highly skilled debater but always respectful.

Despite all of his time on the road when I knew him it was clear he was fiercely devoted to his family never failing to take a scheduled call. I will forever be in Scott's debt, I am incredibly grateful to have known him and I can only imagine the tremendous loss felt by his family and loved ones, they will be in my thoughts and prayers.

“ Amy, Luca, Katie and Andrew, I am so sorry for your loss.

Some lights burn so brightly that even when they fade, their glow lingers in the hearts they touched. Scott was one of those rare souls —a presence that warmed, a spirit that uplifted, a kindness that echoed beyond the moment.

I had the privilege to work with Scott on a number of business initiatives: his intellect, willingness to find solutions and direct, transparent interactions always led us to a good outcome. He was an incredible mentor and person, his warmth and responsiveness always amazed me.

May love gather around you in this time of sorrow, and may the memories of joy and laughter be the gentle hands that carry you forward.

“ Amy, Luca, Katie, and Andrew - I am so sorry to hear that Scott has passed - it seems an impossible thing to be true. It's so hard to imagine that someone so full of life and energy could possibly be gone, and if that's how he seemed to me, who just worked with him at one point in my life, I can only try to imagine how the absence must feel for you. Scott was always fully present - at work, of course, but then equally, if not more, in life outside work. He was a good friend during our time at McKinsey. I'm so glad I knew him, and so sad he is not with us anymore. I'm holding you guys in my thoughts and in my heart.

“ Scott was my go to advice giver and always made time for me even with his tremendously busy calendar. I sort of "got him" from the beginning when he started at USB and I was assigned as his admin. He was rigid, structured, and incredibly smart, but if you spent enough time with him, it was clear that his world revolved around his family and he was much more loving then he let on. Man, he was so proud of you all! I will miss his wicked sense of humor, making each other laugh, our walks to get coffee, our Veteran comradery, our recaps of football games, our shared annoyance of people and simply even seeing his car in the parking lot across from mine each day. He was such a force and it's hard to imagine this world without him. Sending strength to his family to get through these challenging days

I was fortunate to work with Scott and learn through his mentorship for many years. The dedication, pride and sheer joy in his family shone through everything he did.
