“ I remember Shannon from when I was a child. His sister Kelley baby sat my brother and me. Shannon had a Honda CT70. So cool. He would play a game called “monster” in our basement. We would turn out all the lights, and Shannon would sneak up on us as the monster. The only way we could stop him was to shine a flashlight on him before he got us. It was super scary and fun. One time, Shannon got me, and I was so surprised I hit him over the head with a metal flashlight and put a dent in it. Those were some of the happiest days of my life. RIP Mr. Shannon Waste.
