Sharon K. W. Ondich, 88, of St. Louis Park, MN, died on May 31, 2023.

She earned her BA in Music and her MA and PhD in psychology while simultaneously raising her children and teaching piano lessons, and went on to a long career of helping people as a clinical psychologist. “ Sharon was such a gentle and kind person. She loved to laugh and I loved her smile. She showed such patience with me when trying to teach me the piano. I was horrible but she never gave up on me. Unfortunately, music was not my thing but I enjoyed the time we spent together then and through the years. We will miss you Sharon but we will all be together again. I'm sure of it! We will see you on the other side!!

“ Sharon was a friend that when you were her friend, it was unconditional. She was such a warm and thoughtful person who loved to laugh. I was in awe of her gentle and soft manner. It gave me such pleasure having Sharon and Bud over for dinner where we shared so many stories about family and life in general. My friendship with Sharon was very special and will treasure all our moments together. I will definitely miss her presence. May she rest in peace. With so much love. Anita Milnes
