“ I have lots of great memories with Sharon while at Spherion. One of my favorites was the "What color are my shoes or nylons? (and laughter at herself while asking)" . I truly respected her tell it like it is approach and learned from the BEST. She liked to teach and lead but most of all she loved her family wholeheartedly. Whenever I brought my kids in she always had something for them. They still talk about Sharon and what they had given her on particular visits. What a gift to all of us and a very special one to remember. I think of her often as she was such a big influence in my life. Forever grateful and thankful.
