“ *When I first started at RPS, Sherri was so unbelievably helpful and resourceful. She was so friendly and made me feel at ease out of the gate. Since I work out of a different location than Sherri worked, we didn't cross paths too often, but I always enjoyed when I did get to see or spend time with her. I am very saddened by her passing, and will keep her family, friends and other co-workers in my prayers.*
