“ Shirley and Fran, were the first people Bruce and I met when we bought the house across the street in 2004. They were a delight. Fran would always come over when Bruce was working on the Motorcycle. Shirley would call us to tell Bruce what a good job he did on the Christmas Lights and how she enjoyed them. She took pictures of our yard an the improvements we made and always send us a copy of the pictures. When I lost Bruce she had already lost Fran, so she checked on me with daily phone calls to make sure I was okay. She watched our house and let me know if there were any strange things going on. I appreciated her friendship and kindness. She was a wonderful woman and is missed.

“ Shirley had been my stepmother since I was 7 years old. Although I never lived with her, she always treated me like one of her own (and maybe even better!) She never failed to get me a "Peanuts" sweatshirt that I loved as a child, or a stuffed animal when I visited. And I, and my children, will always remember the fudge that she would send during the holidays. Shirley cared for and loved my dad for 40 years and was especially kind, patient, and caring to him during his difficult final days. I will always be grateful to her for this and for her kind letters to me about him.

I also want to give a profound thank you to my cousin Michelle for caring for my stepmother, Shirley, after my dad passed. Michelle was a great comfort to Shirley and an advocate for her health, well being, and happiness.

I know Shirley will be missed by all who knew her. One of the kindest people I have even encountered.

“ Although I never had the pleasure of spending much time with Shirley, the time we did have together was always memorable. We chatted often on the phone and always had a good chuckle about some silliness that was going on with the family. She had a fantastic way of making you at ease with life's most crazy events. I will be forever grateful to her for taking such good care of my Dad - he loved her with all his heart! Thank you, Shirley, for being the kind and endearing person that you were - we all wish you peace and love on your next adventure!

“ Aunt Shirley was the sweetest!! She had a darling and many times, mischevious smile! She loved The Twins—knew all the players and never missed watching the games. Her real love was her cocker spaniels—her last one, Sadie, I found for her at the Coon Rapids Animal Humane Society—she loved her so...such great companions they were!!! Enjoyed going to the Park Tavern with all the Mooney relatives here in the Twin Cities...her and Fran would go to the Tavern on a regular basis and got to know several of the servers who she kept up visiting after Fran passed. It was an honor and one of the great pleasures in my life to have helped her with doctor visits, pet care and mostly sharing laughs at lunch between the Park Tavern & Crossroads Deli!! She was so loved and will be missed!!!
