

Sofia Marchessault

September 29, 2004

Marchessault Sofia Ann Marchessault, Aug. 14, 1987-Sept. 24, 2004, of Orlando, FL. With great sadness we announce the death of our daughter, sister and friend. Sofia brought much love, laughter and joy into our lives and will be in our hearts forever. She is survived by parents, Joe Marchessault & Kim Kosmides; sisters, Jessica and Leah Marchessault; grand- parents, Paul & Lois Marchessault, George Kosmides and Mary Langaard; and by many loving aunts, uncles and cousins. In lieu of flowers, memorials may be made to the Sofia Marchessault Fund in c/o the family. Visitation Friday, October 1, 6-8 PM, with prayer service at 7 PM, both at: Washburn-McReavy Edina Chapel W. 50th St. & Hwy 100 952-920-3996

“ Dear Joe, Kim, Jessica & Leah,
I want you to know I think of Sofia every day. I'm grateful for the memories of her bright eyes, her genuine smile, and her spirit for life, and for fun. Sofia was a talented performer, and musician and was softly courageous in the way she loved life and all her people. I share your grief. Sofia will remain on my mind, in my heart, and in my prayers forever.

“ *To the Marchessault Family,*

I was greatly saddened to hear of the tragic death of your granddaughter, daughter, niece and sister.

Nothing anyone can say can soften the blow from such a tremendous loss. However, I do believe the only comfort is knowing that Sofia is now in that state of complete peace, love, and tranquility. It is only the ones left behind that have to find a way to cope with this loss through prayer, understanding and forgiveness.

Death to the body is final in this life but the spirit is everlasting. I believe that death to the body is only a transitional phase for the spirit which is destined to the ultimate state of bliss in God's presence.

My prayer is that we all learn to cherish and respect this life to the fullest with our loved ones and to focus on our final destination in the presence of God's everlasting life.

This is where we will all meet again!

Sincerely, Willy Gardner

“ Sofia was a wonderful girl who was always smiling and happy. I went to Holy Family Catholic school with her through eighth grade. She always brought a smile to my face, and just always brought a cheerful atmosphere to the class. She was also the most positively influencing person to me, she made me feel good about myself, and taught me how to enjoy life no matter what it throws at you.

As hard as it is right now to put a smile on our faces, and go out and laugh and have fun, its what we need to do. Go out, love life and live life to the fullest! I can't wait until that day i do see my bud Sofa again, I know she's going to be there waiting for us all at the gates of heaven with her beautiful smile on her face, and the biggest hug ever waiting for us. But, until that day does come, I'm going to go out and enjoy life, always with Sofia in mind.

*Sofa, you meant so much to all of us. You were the most wonderful girl. We're gunna miss you alot. Can't wait to see you again.

“ When I think of my cousin Sofia I imagine a smiley four-year-old wrapped in six layers of winter clothes. I don't know if I have ever seen someone so excited to play in the snow as Sofia was on that winter day. That beautiful smile was unforgettable. Years later and two feet taller Sofia still shined with that gorgeous smile. This is how I remember Sofia. She was simply a friendly person who seemed to explode with happiness. Joe, Kim, Jessica and Leah, I am terribly sorry that you lost such a wonderful person. I am here for you guys so feel free to call me anytime you wish. Sofia will always remain in my heart. “ I do not even know where to start. My earliest memory of Sofia was in 4th grade. She was the first person I met when I moved to Orlando. She reassured me that there was nothing to worry about and she would be there for me. Even at such a young age, she cared so much about people. I love her and she means everything to me. Sofia was the most beautiful, outgoing, fun loving, caring, happiest, most amazing person I have ever known. This is one of the worst things that could possibly happen in this entire world. I would do anything just to see her one more time. Every time something bad happened or something went wrong, Sofia always had a smile on her face and somehow she always made the best of things. It was impossible to be down around her. She was just too full of life. I will always have the regret of not being as close as we used to be but now, in a way we are closer then ever. Sofia did not deserve this, but she did deserve to be happy. I will never forget all that has happened between us. We were best friends at one time along with other people from Holy Family. She will be missed more then anything. It is so hard to accept the fact that she is gone but we have to try hard to make our lives better and live them for her in a way. I thank God that she was put on this earth. She had such a great impact on so many people who love her so greatly. Sofia meant so much to me and to so many people and she always will. I love you Sofia and miss you immensely. xoxoxoxoxo Love you always and forever!

“ Sofia touched many people's lives and there is always going to be the gap for all of us that she left behind. I met Sofia through Act III Acting Studio doing a show when I was in fifth grade. I remember thinking how gorgeous she was and how she was always ready to talk to someone and just offer her genuine, unique friendship. I have never in my life seen Sofia angry or be mean to anyone. I ache for the family and your pains. Know that we are sharing the grief and we all have to be here for each other to lean on. Nothing can be accomplished in life without the support of others. I pray that your pain is mended soon and that you can see what a blessing Sofia was in all of our lives, especially the family, even if it was only for a short while.

“ I knew Sofia through VPA theatre freshmen and sophomore year at DPHS. I wasn't able to get AS close to her..but we were as close as two people were able to be in that amount of time. Even when she wasn't in the program she would stop **WHATEVER** it was that she was doing and go out of her way to come say hello to me. I loved her happiness and her joy that she brought to everyone around her. She will remain in my prayers and my heart. It was such an amazing service tonight. So beautiful for such a beautiful person.

“ I remember the first day i met Sofia, she and i were both working out at the YMCA, and a friend of ours introduced us to eachother. She had this undescrivable glow about her. A natural beauty. And even though we were working out, she kept that glow and didnt break a sweat. She had something about her that just made you feel like you knew her your whole life, i guess you could say "We clicked." As time went on i saw her at school and we became friends.

As many may say "she always had a smile on her face" I couldnt understand why she was always so happy. I guess she cherished life. Its unfortunate that something like this makes you realize how important life is. I have really put things into perspective. No matter what, Sofia will always be remembered in my heart as well as the hearts others', as the girl with the big smile and the big heart. I cant wait until the day where we meet again. Just remember she is smiling down on us! =]

My prayers are with her family.

“ *I'm not sure if I can express my feelings for Sofia. The tears inside me well up because I cared for her so much. She was one of the most sweetest girls I have ever known. I never knew a moment where she would let someone or something get to her. She was always smiling and laughing and we always had fun when we would hang out. Sofia will be dearly missed and I know there won't be a day that goes by that she won't cross my mind. God said it was her time and now she is everywhere around us. To her family: I am so sorry for your loss. I pray that God will pour peace over your souls. We all loved Sofia and she'll always be in our hearts forever. “ I remember meeting Sofia through Mandy. And I'll always remember trick-or-treating every year on rollerblades. Sofia was probably the sweetest person I've ever met, never saying a bad thing about anyone. After grade school we didn't really talk, then last year I saw her again and she was so sweet and the first thing she said to me was "Remember Bay Lakes?" How could I forget. Hearing about what happened to Sofia broke my heart. My sympathies go out to her family. Sofia will always be a big part of my growing up and a big part of my memories from Bay Lakes.

“ August 14, 1987 - September 24, 2004

You look at those dates and you realize that it's not the month, day, or year that matters...the part that matters is the dash in between the 2 dates. Although, Sofia's dash was 17 years short in those 17 years she touched the lives, hearts, and souls of many. What really matters is what goes on between those 2 dates.

For anyone that knew Sofia knew that she loved life and she was always that smiling face in the hall. You could always count on her for that smile that was contagious. How could it not be?

Sofia-you'll be missed by more people that you could ever imagine.

“ I can remeber Sophia as the goofy girl at cheerleading practice. Even tho she didn't know a cheer she acted like she did. Sophia always knew how to make me laugh. I was lucky enough to know Sophia almost all of my life. We cheered together on Pop Warner, then we survived Holy Family(and the uniforms we both joked about), and finally we made it to Dr. Phillips High School together. Even tho we were not in the same grade and had diffrent friends, Sophia always made it a point to say hi to me in the hallway or come and give me hug. “ When I first heard of this tragedy, I cried for hours. Even though I was never extremely close to her, she was always smiling and saying hello to me, and to everyone around her. I never once saw her angry, upset, or anything besides happy. Sofia was absolutely a positive influence, and I know many people, including myself, love her, and will miss her dearly. My brother dated her for a short time, and that is the time when I got to know her a little.

“ Sofia came into my life when we both started school at Holy Family upon its opening and I have so many fond memories of her. She was my best friend after moving to Orlando. I still remember spending countless hours at her house playing Carmen Sandiego on her computer, doing yoga with her mom, making up stories together to scare my little sister with, and wandering around the playground and the lake in her neighborhood. Sofia was always so interested in acting and I remember how much fun we had taking acting classes together for a couple of years. I also remember how much she liked to rollerblade, and the excited message she left on my family's answering machine after she had broken her arm and gotten a blue cast. :) Sofia was my "buddy" for the St. Augustine trip and I remember having such a great time with her in the city. Visiting the Greek Orthodox church there is a particularly vivid memory because Sofia was always so proud of being Greek--I can still picture the "Greek Princess" poster that was on her bedroom wall.

So many little things about Sofia and her family have stuck with me, from their amazing rotating microwave, to the complicated "sign language" Sofia and I made up, to the bagels her dad made us for breakfast after a sleepover, to our nearly identical phone numbers and too many more tiny details to name here. I still remember digging around with Sofia in her bathroom looking for something and the way she said, "Ohhh, teenage sisters!" as we picked up random beauty products. Sofia was always so good at making everyone laugh and lots of her funny remarks from years ago make me smile to this day. I'm grateful for the handful of chance encounters I've had with Sofia in more recent years--she always remained a very sweet and genuine person with a good heart, and all of my close friends and family either knew Sofia or had heard enough about her over the years to feel as though they did. My heart goes out to the whole Marchessault family, whom I hold just as dear to me as I still do Sofia. Sofia/Sam/Sofa: I miss you very much and pray for you.

“ The one you never knew so much about

Having a friend who you care about, trust and love is an awesome part of life. The one person you have no doubt about. The one that your so close to and don't even know it. You don't know much about them but you know they are worthy enough to be your friend. Being in the same classes and the same program at school (Dr. Phillips Theatre Program) gets you to know that person. After moving away and not seeing them for a while you forget to keep in touch with all your friends. You think about them every once in a while about how they are and what they are up to but cant really do much to find out how they are or even to hang out. When you're so busy and so far away now.

It was my freshman year when I met Sofia (now im a senior). The one who was so passionate for acting and it came so naturally. As much as we hated the program we got through it. James, and I still member all those fun time we can just think about and laugh at nothing because there was nothing else to do. Sofia's smile, voice and looks made her such an awesome person. We only hung out at school for class or acting functions, but what a person she was. I wish I had gotten closer to her although we were good friends. The last day I talked to any of my friends was the last day of school. Until that one day and someone mentions her name and you say "Oh her, I remember her." Then what you would never expect, "Well she died on Friday night." Your heart drops. The girl that's so beautiful and she's just an all around great person. You never thought that someone with such an awesome personality could have something that bad happen to her. That smile that never left her face can't be found anymore. Then you think only if I would have talked to her these past years or if I never left her side. You don't know what you lost till its gone. Since my old school, I haven't found someone with such a personality like her and now it doesn't matter because she's gone. You can't go back in time and keep her close and hang out once a month. You have to say oh well. But you cant just thinking about it makes me sick. Knowing someone that was so happy and that would have made a big difference in life cant

be replaced.

To all her family and friends, Know she's in heaven a place where we may reunite and never have to leave again. I know she's looking down on all of us and the thought of her should put a smile on your face like it does mine.

“ *Dear Kim, Leah, Jessica and Joe
I am Sofias cousin. I remember when she came up to Minnesota in the summer and we went to Valley Fair. We went on the Screaming Yellow Eagle together and then we both enjoyed numerous foods for the majority of the day. I am very sorry for the loss of a family member. It was a lesson about that you should tell each other everyday that you love each other love your cousin Tony*

“ memories of growing up in bay lakes consist of nothing but memories of sofia and i. we were together every day for about 10 years and i can honestly say that she was my first best friend in my entire life. even though we haven't talked in a while, i still think about the times we used to share to this day. playing on the trampoline, climbing trees, watching movies, all the birthday parties we went to together, playing basketbell, hanging out at the park with the neighborhood kids, the numerous amount of sleep overs, etc. she was always so incredibly happy, and no matter what wrong turns were brought her way, she faced them with a smile. i spent practically my entire childhood with her. growing up was a little more difficult, but still keeping in contact, though not as well. coming into high school we began to talk again, still not as much as i'm sure both of us would have liked. but no matter what, her smile never failed to shine whenever i would see her in the hallways or at a party or someplace else along those lines. some of the best times of my childhood and my life were spent with sofia, and they will remain in my heart and mind forever. hearing of this tragic accident created a huge hole in my heart. i still sit here, writing this in shock and disbelief. when i first found out i cried all night long. how could this happen to someone who was loved by so many? i know she is up there watching over us all, and i want her to know that she will always be remembered in my heart and also by many for the amazing person she was. i send my love and sympathy to her family, who i knew well, and her friends... i love you sofia, you are greatly missed.

love always,

“ Words cannot convey the sadness in my heart for the loss of Sophia. My memories of her were of when she would play for hours with my children, eat snickerdoodle cookies until they all got sick, and sometimes sleep over and giggle half of the night. "What a precious child", I would think, with those beautiful blue eyes. To Kim, Joe, Leah and Jessica.... my deepest sympathy. My prayers will continue to be for your family.

"And God shall wipe away all tears from their eyes; and there shall be no more death, neither sorrow, nor crying, neither shall there be any more pain: for the former things are passed away." Rev 21:4

“ It is often said that words do not fully convey the thoughts and emotions that people feel in times like these. Nothing I will be able to say will capture what I truly feel for Sofia, but I will try my best to share a piece of what she means to me with all of you. Sofia came into my life during Christmas of 2001 when I was a senior at Bishop Moore High School. I often saw her around school there was something about her radiance and smile that drew me in. What began as a joke, (I was Santa Claus and I needed an elf!) turned into a long lasting friendship. Sofia became a very important person to me and came in and out of my life for the past three years. Her love for life shone through in the many moments I shared with her. Whether it was a Sunday breakfast at Perkins, me trying to show her how to play guitar, goofing off in Barnes and Noble, or our excursions to the Downtown Disney McDonalds, anytime with her was my favorite part of the week.

Sofia taught me that dreaming wasn't moping about the unattainable, but a goal towards something that just took a little more effort. Sofia was my rock during the most up-and-down part of my life while I waited anxiously to hear whether I would be coming to the University of Miami (which was my personal dream.) Always ready with a word of encouragement or a hug, she eased the nerves without even really trying. When I got the news of my acceptance, she was the first to receive a call and subsequently the first to share my joy with in person.

What I will remember most about my time with Sofia was the talks we shared at the park behind her mother's house. I will always cherish sitting on those benches in the early spring evening talking about absolutely nothing; yet those are the times that will resound in my memory forever. Whether it was sharing a laugh, an embarrassing story, a pipe dream, intense emotions, our philosophy on life, favorite music, the hot news topic of the day, or what sandwich we ate for lunch, they were some of the most enjoyable times in my entire life and no matter what happened, I never left from spending time her without feeling extremely happy.

In closing, to Ms. Kosmidis, Mr. Marchessault, Leah, Jessica, and the rest of the family, my thoughts are with you in this time of loss.

Take comfort that Sofia touched many people in her time and that I, along with many others will cherish her and the time we shared for the rest of our lives. To Sofia, I've never hoped that there is a heaven more than now, just so I can see you again. What am I talking about? I know you're there playing guitar with Kurt and Brad. You should have one of them show you how to play "Stairway" so you can teach me when I come home. Always remember to watch out for me, because you know a mindful eye wouldn't be a bad idea! Take care of everyone alright!? Petey and I will be out on our bench from time to time so come visit us.

*Love,
C-Vass*

“ I sat here today reading entry after entry about all the wonderful things Sofia did in her life and how many people she was able to touch and I wanted to comment myself but I was in such disbelief about the whole accident that I didn't know what to say. To me, I will always remember Sofia in two ways. The fun girl I used to play with when I was in Kindergarden at Bay Meadows and the fun, carefree teenager I knew at Holy Family. As I stare at a picture of the two of us playing in my pool, I remember all the times she made me laugh. And how she could turn any horrible function at Holy Family (like a dance!) and make it into a fun event where we would leave holding our stomachs because she had made us laugh so hard with her crazy dance moves and humor. Her off the wall personality and carefree spirit will be forever missed.

To Sofia, thank you for making me laugh during the years I knew you and reminding me to live life to the fullest without any regrets. To her family, my prayers are with you all but please know that she is safe in heaven with my own mom looking down on us with her beautiful smile everyday. In every heart she touched, in every life she changed, in every thought she inspired, her love lives on.

“ *Sitting here, looking at a picture of Sophia and I, I cannot believe she's gone. First of all I want to share my deepest sympathy and support for her family.*

As many are right now, I'm feeling so many mixed emotions...but I know for a fact Sophia would never want us to feel in any way sorry for what happened, she'd want us to look back on all the good times we had...I remember the day I met Sophia in the 1st grade. I thought she was the PRETTIEST little girl ever and I knew I wanted to be her friend. Her and I didn't talk really much until my 10th grade year and from then on she was the radiance that I looked forward to being with. I will always remember her as one who never judged people and loved living in the moment. I remember every single time I saw Sophia she always had a presence with her. No matter what had happened that day she always just lived in the moment. I'll never forget the way her eyes closed when she laughed really hard, the way she was always oblivious to everything :), her really crazy/funny/exciting stories, the way she looked while playing her guitar, how much she loved the song "Sweet Home Alabama" or all of the things that she would do to make me and Jamie laugh.

Sophia...throughout these past years all you have given me is smiles. There is not one bad memory I have of you. You made mine and many other's lives full of fun and excitement. You have and will always hold a special place in my heart and without you here I feel as though I'm missing part of me. I love you so much and know your at peace.

“ I met Sophia when I was 9 at Holy Family Catholic School. We grew up together with 61 other students. Sophia was such an outgoing, inspirational person. At every boy-girl dance, she was the one to get everyone dancing. I wish I could say that I kept good contact with her after middle school, but I did not, and I will regret that fact for the rest of my life. She was a kind, loving soul and will be greatly missed.

“ To the Marchessault family and Ms.Kosmides, I met Sofia in my 10th grade year of high school at Dr.Phillips. She was probably THE most fun person i've ever been around. She was always so happy and never seemed to let anything really get her down and always had some funny thing to say when i myself was feeling a little down. FUN is a word i can use to describe how our friendship was. Just hanging out at someone's house, her playing the guitar with me on the drums just playing around making "music". I love Sofia and i will always miss her but i know one day i will see her again. She was a great person and all i can think of are happy times when i was with her. I'm very sorry for your loss but know that you have one another to hold eachother up knowing that you will see your daughter/sister again. I love you all and have all of you in my prayers. Sofia was an inspiration to me and to everyone.I dedicate the class of 2005 to her.As Sof would always say...PEACE.

“ To all the family,
All of our hearts go out to you during this painful time. The hundreds of friends of Sofias are all here to support you all. All though i was never too close with Sofia, she was always such a friendly face in the crowd, a fun girl to chat on the school bus with, and a wonderful and bright smiling young lady. Somethings in life are unchangeable, and some people in life are absolutly unforgettable. Sofia...your smile, your beauty and your pleasent presence... will never be forgotten.
In our memories forever,
and to Sofias family, all of my prayers and hopes are with you.
