“ *My sister and I were 5years apart. Me being the oldest of three kids. Sonia and I shared a room. Growing up which neither of us were happy about but we got along pretty well when I think back on it.*

*One of my earliest memories was taking the train to North Daota. To our paternal grandparents for Christmas". Dad and Micky were already there, so it was mom, Sonia and me. The train was full of military men and Sonia kept going from one to another to sit on their lap. I was so embarrassed.. I was all of 5 or 6.*

*I will miss our phone calls. We always had a giggle or two. Rest in peace little sister..*

*I remember Sonia, the most from the 80's and early 90's. She always made me feel comfortable in her home. Her and I, would laugh and dance on her back deck when she lived off of Cliff Road. Great memories with her, I will always hold near and dear. Much love and healing prayers to all her family. <3*
