“ To my cousin Evan. You will preserve through this tragic time in your life. Grieve as long as you need. You are deeply loved as was Staci.

“ I didn't know Staci very well or for very long, but I admired her very much. She was so hard-working and knowledgeable, and she was assertive. If something needed doing, she got it done. When I first started working with her, she helped me learn the ropes, or brainstorm new ideas for how to handle all the changes and growth of our department. She was direct but kind, friendly, and reliable. Her absence is keenly felt.

“ Staci, I'm at a loss for words. I'm so sad for your family that they have to go on without you but I know you're no longer in pain. I enjoyed every time we worked together. Especially when we'd both start laughing and get told yo quiet down. I'll never forget that laugh of yours. RIP
Love Bridget
