

Stanley Newell Cyr

March 4, 1935 - March 21, 2024

Cyr, Stanley a fantastic and wondrous man, passed away peacefully at St Anthony nursing home on 3/21/24. He was preceded in passing by his brother Jim and his wife Joanne. His memory will be cherished by his children Andrea and Nick, his grandchildren Zora and Raquel, and many relatives and friends whose lives were brightened by his presence. Ever a seeker, Stan's life was filled with journeys. He sailed with the US Navy in his youth and later served as a member of Veterans for Peace. From growing up on a small farm in Nebraska, he traveled to Saudi Arabia and Germany, eventually spending years as a German professor. His artistic path led him from block prints to watercolors, from furniture to Groundhog's Day cards, from abstract shapes to vivid realism. Whether Stan was on a camping trip to a steam thresher show or just a walk to a cafe for coffee and conversations with friends, he could always find adventure in his surroundings. This extended to his inner life as well, his spiritual journey leading him to great compassion, curiosity and generosity with the world. Stan's search for beauty in the heart of all things is what filled his life, and the life of those around him, with such joy. Finding delight in others' quirks and foibles was Stan's mission in this world. Even if he didn't share your passion, Stan would still work to foster and cherish it. The capability he could show for finding wonder in God's works, whether a night sky, a hurting soul, or just a quiet prayer was an inspiration to us all. His light will be missed.
