“ *My friendship with Steve began when he was a resident at the University. It has followed a continuously amiable course through these several decades, only interrupted by his his trips to his new residence in Colorado. I, his colleagues and his patients, many now adults mourn his passing. God bless you Steve, Bill Kennedy*

“ *I was just made aware of the visitation that is being held in Shoreview, MN. I am appreciative to be able to have a chance to attend this for him as getting to Colorado was not an option for me. I continue to be shocked and deeply sad over his death. I truly consider him a legend as a physician and as a person.. Sincerely, Lona Lyden RN Gillette Children's Hospital*
