Steven Allan Moll

1946 - 2025

Steven Allan Moll passed away peacefully at home on October 24, 2025.

Steve was born and raised on the family farm in Sleepy Eye, Minnesota, where he developed a lifelong love of farming and Farmall tractors. After the passing of his father, Lloyd Moll, his mother, Leonita, moved the family into town when Steve was twelve. He went on to attend Mankato State and the University of Minnesota, earning his Bachelor of Science in Electrical Engineering.

Steve later dedicated 40 years of his career to Electric Machinery Manufacturing until retirement.

Steve was a lifelong ham radio operator, enjoyed taking road trips, and sharing yearly family vacations to Alexandria, Minnesota. His passion for farming never waned—he lovingly maintained a Farmall Model A at his Edina home, and would often cruise the neighborhood.

Steve was preceded in death by his son, Matthew. He is survived by his loving wife of 55 years, Gail; sons Philip (Lisa), Timothy, and Mark (Sarah); grandchildren Gwendolyn, Joseph, and Noa; and his brother Dennis (Judy).

After the passing of his father, Lloyd Moll, his mother, Leonita, moved the family into town when Steve was twelve. He went on to attend Mankato State and the University of Minnesota, earning his Bachelor of Science in Electrical Engineering.

Steve will be warmly remembered by all who knew him.

“ Gail and family – I was so sorry to see that Steve passed away. He was a good friend and co-worker at Electric Machinery for many, many years. He would talk so fondly of his boys and grandkids. We would talk a lot about his yearly vacation to Alexandria....and the nail painting that occurred. After Steve retired, we would keep in touch via email. He always gave updates of the kids and grandkids. My deepest condolences to you all.

“ Growing up on adjacent farms outside of Sleepy Eye, we spent a lot of time together as kids, and throughout our lives. Sharing a common interest in many things, from ham radio, to fishing, tractors, swapping engines in cars, and much more, I have many fond memories of Steve. He was a true lifelong friend and will be missed very much.

Sorry to hear that. We hung out a lot together for a couple years in the dorms and the dorm ham radio station. I'm glad I stopped in to see him about four years ago. How are you doing?....and Dennis?

“ I will always remember his love of life, his humor, and a great unique laugh. After seeing the movie 'Neighbors' he nicknamed me Vic and himself Earl. We never call each other by Ed or Steve after the new nicknames. Thanks for sharing your life with us and 'some time we had'. See you later, love you, Ed Cirkl.

As kids, we all had nicknames. We called Steve "T B". Steve called me Tickle. Although Steve was an avid ham operator, he had a fear of heights — so I was the monkey that helped hang his wires.
