“ *My heart is so very sad...for you Jenni & Nathan, for Rissa & Caden, & for all of the family & friends that loved Lou & Steve. I miss my bestie every single day, but am happy for her that she is with Karissa, whom she missed so much, and now with the love of her life. What immense joy they must have! I hate not having them here, but I love knowing all of us will be together again. I look forward to that day!*
