“ Steve was truly a great person. His unique personality, bursts of sarcasm, and intelligence, and smile will be thoroughly missed. I'm glad that Unisys could provide Steven with a sense of extended family.

“ For years, Steve was one of my best friends at Unisys. We both liked to write our 2200 code in the low level machine code (Masm) and together we would defend the merits of this to others in our group. I occasionally would assist in a problem he was having, and likewise he with mine. We also had many friendly discussions on the merits, or lack thereof, of Golf which I know he loved. We had seemingly endless but still friendly discussions about what brand of car was the best. My most fond memory that I have about Steve, though, is the happy enthusiastic greetings he would give whenever we met. I've been retired nearly three years yet I can still see his smile and hear him saying "hi Charlie". Rest in God's arm,s Steve.
