“ I first met Ted on lake Wabedo in the early seventies. It was my first time on the lake and he spent some time sharing info on the lake. Who knew in future years I would invent some great t musky lures and Teddy would be my sales rep. He was one of the very few reps that would not only sell his products, but would promote them to the public. In later years we would spend some time discussing heart disease. My dad had his first of many major attacks at age 45. I hope in relating some of his experiences helped Ted cope with his problems. The two tuffest men I've ever known. My dad lived 20 more years. I still miss him, and I will miss Teddy!

“ *We had the pleasure of hosting Ted in our home in Alabama for ten days during a B.A. S. S. tournament several years ago. He was such a wonderful person and we enjoyed his stay with us. The only channel he would watch on tv was msnbc so he could see the stock ticker at the bottom of the screen. We all had a big laugh over this. We are truly saddened by Ted's passing and will miss him very much as we have remained friends all these years . Our thoughts and prayers go out to Ted's family. He was indeed a legend. “ My dad Tony went fishing with Ted a few times. One time when they were fishing Ted of course was catching a lot of fish. My dad wasn't catching any. Then Ted said " Tony, you've got a fish on your line." Sure enough he did.
