“ So I guess this is where I tell you what I learned. My conclusion, right? Well, my conclusion is: hate is baggage. Life's too short to be pissed off all the time. It's just not worth it. Derek says it's always good to end a paper with a quote. Says someone else has already said it best so if you can't top it, steal from them and go out strong. So I picked a guy I thought you'd like. "We are not enemies, but friends. We must not be enemies. Though passion may have strained, it must not break our bonds of affection. The mystic cords of memory will swell when again touched, as they surely will be, by the better angels of our nature."

“ *I love you dad.*

I am so very sorry that everything has turned out the way it has. It breaks my heart to know that you are looking down at all of us. Im sorry I took you being here for granted. Im sorry I didn't see you more or call and check up on you. I want you to know that we will help take care of Sandi. You dont have to worry about her.

I miss you already dad and I hope you are now able to breath freely without pain. I hope you are up there with grandma and grandpa along with my other grandma.

*I will always love you.
Your daughter Christine*
