Even though we only worked together for a short time, I became very fond of you and your witty sense of humor. I'm grateful for the opportunity to have worked for a great leader and mentor. I will miss you! God bless you and your family. May you rest in peace, Terry!

“ Terri,

I am so sorry for your loss. Terry was a great guy and a talented Marine. He was my Brother. We met 2 years ago when Joe Silva and I came up to visit. I was so moved by you guys love for one another and your indomitable spirit. I kept in touch with Terry after that and actually spoke with him last week. We were joking around on facebook about him doing crossfit and how my achy knees could never do those jumps he was doing. Terry sent me a Gunny Erme y doll about a year and a half ago. I have it up by the tv and think of him every time I see it. I am so sorry none of us from 2/24 could make it up there today. I only learned of his passing sat evening. With Easter most Marines were with family. I would however like to extend to you our deepest condolences on behalf of all of us at 2/24. We will be gathering in Terry's honor to raise a glass to our Desert Storm Brother and would like to organize a trip to visit with a small group if that would be ok?If you need anything Terri, please contact us. May the Peace the Lord gives you be your strength.

“ Terri, I cannot begin to imagine what you are going through right now. No person should have to suffer the loss of a child but then to also lose your husband is just heartbreaking. I am so sorry for your loss. If there is absolutely anything you need, please do not hesitate to reach out. Terry was such a special man. He was one of the best mentors I have ever had. I was truly blessed to have had the opportunity to work for him. He taught me so many things that have made me into the HR professional that I am today. My favorite memory probably is having him coach me not to keep tissues in my office as it makes it more likely that people will cry. I thought it was funny at first but he was completely serious. I guess it was his way of helping people be tougher. I am sure that he instilled this same kind of strength in you. Although things may be unbearable right now, you can and will get through it. His love and memories will provide you the strength that you need. I am praying for you and your entire family. God Bless.
