“ *I had the pleasure of working with Terry in the fence industry, first as a vendor and then as treasurer of the North Central Fence Association. Terry was always willing to take the time, had a smile on his face, and never said anything negative about the situation. I know that I will certainly miss Terry at all of our meetings and events. He spoke so highly of his family. May all of your memories bring you joy and laughter when you need it the most.*

“ I met Terry through the fence industry years ago, but most recently I had worked with him at Midwest Fence. Terry has been greatly missed at the office. He always had a smile and sense of humor that helped us get through the day. One of my favorite memories was walking into the office at 6 am one day to find Terry, by himself, rocking out at high decibels to Uptown Funk. I knew it was going to be a good day then! That quickly became my new ringtone for Terry on my cell phone. He is still bringing laughter and smiles to my days. Just this week I looked at a purchase order that he had created earlier this year. It was an order he placed for fence material which included nuts and bolts. He wrote in parenthesis “roasted, not fried” behind the word nuts. It threw me off at first, but then I realized who wrote the purchase order and I laughed out loud! I hope to find more of these little notes, but we will always have stories and memories to share with each other that will keep us smiling for him. Our thoughts and prayers are with Terry’s family at this difficult time. We hope that you can laugh and smile often with him through your own memories.

“ I was lucky enough to be a vendor of Terry's, and got to know him through phone and email in 2020 and 2021. I finally had the pleasure of meeting him in person on December 8th 2021 when went to dinner at Mancini's Char House in St Paul. I remember the date specifically because it was my birthday. Even though I was away from my family and friends, he made me feel at home and celebrated on that day.

Terry often spoke of his wife Ruth, and their three daughters. On several occasions, Terry would make comment that Ruth was his rock and guiding light, while going through his treatments. How he thoroughly enjoyed spending time with his daughters and watching them grow up to be beautiful human beings, inside and out.

In the short two years I got to know Terry, he made me feel like I had known him my entire life. I suspect he made everyone feel that way, with his kind and generous heart. The last phone call we had, we laughed loudly as we joked that he had watched everything on Netflix, the only person to ever watch it all. That is how I will remember Terry, laughing and full of love. He was truly a wonderful man.

With love and support to Ruth, Ashley, Amanda, and Aimee.
