“ I moved to Minnesota when I was 22 years old and Abes was one of the first few people that I meet at my first job.

We became pretty good friends and within a year or so he had his accident, and that was a sad day.

We talk and hangout occasionally and kinda lost touch with each other.

He was a good man, and we had some good time's together and I will cherish all my memories with him.

My condolences to hi family.
