“ So sad to hear about Tom’s passing. We were friends from grade school through high school. Tom was a very good person and I missed seeing him as an adult. My condolences to his family.

“ Kristi and family,

I am unable to attend Tommy's funeral but wanted you to know how saddened I am to learn about his death. He had always been a support for me, while I was married to his father and afterward; his definition of family was broad and thankfully included me. You have been a remarkably dedicated partner under the most difficult of circumstances. I hope you and your family are consoled knowing he has been loved by so many. I will be there on Friday in spirit.
