“ *To the family of Tom.
I have worked with Tom now for the past 10 years. Over those years, we had become very good friends. I would plan on every day, to get to work early, just so that Tom and I could spend time together. Talking and visiting with him just made my day that much more enjoyable. Work will now be just that...work.
I would like to share something with you kids. About 25 years ago, I also lost my father at the early age of 60. I was 30 at that time. I must say, over the years, his death, has brought my Siblings and I to become the greatest of friends. We share in his memory, and remember his Love. I hope the same for you .Also, you must believe that today is a very hard day, and there is no other way but up now.*

I will always remember Tom, and miss his friendship.
