“ I know this is late but I just found out about Tom. I am so sorry. I have known Tom for quite a few years. I work at Lakewood and had gotten to know him while helping him with his bills ect. He had become a friend and would stop in and visit whenever he was around.

We had gone out for lunch and supper a couple of times. He was a very interesting man I enjoyed our visits and will miss them. I just pray that Tom is a peace now as I know he did struggle with pain and depression.

May God bless you.
