“ I know I'm late in sharing but just wanted Tom to know that there isn't a week goes by that I don't think about him. God bless you, Tom. Paul

“ I am so grateful to have reconnected with Tom in the last 10 years. We worked together at Prime and I enjoyed bragging about how he is my cousin every time his name came up. Everyone knew him as a hard working and kind man and I'm honored to call him family. My thoughts are with Kathy, and Tom's sisters and brother as they process this unimaginable loss.

“ I am sad that Tom is gone. I worked with him at Prime and ran into him every couple of months when I needed a file set up. Each time, I would ask the same questions and make the same mistakes. And each time, Tom would patiently help me out. I was literally surprised how nice he was regardless of how many times he needed to explain things. I truly appreciated his willingness to help without hesitation and his dedication to good work. He was a great guy and I'll miss him. I'll think of him every time I need to setup a new file.

“ Tom made me laugh, and you knew you could always trust and rely on Tom to keep his word. Though I haven't had the opportunity to see him as much as I used to back in the Medina days he will be missed by many.

“ Tom and I worked together at Prime. He was such a joy! I'm heartbroken to hear this news. I'm cherishing his many pearls of wisdom he shared with me over the years ( a few about file transfer) but even more valuable is the many pieces of advice he shared with me on food and wine. Sending all my love to you Kathy and the rest of your family.

“ So sorry to hear of the loss of Tom. He was a high school classmate of mine - and I can still see his smile and hear his laugh to this day. My condolences to his family and friends. A life lost too soon. I know his smile, laughter and passion will be missed.

“ I too worked pretty closely with Tom for many years at Prime. He was my favorite person in the file transmission area. He always had a great attitude and a smile on his face. I enjoyed it when he would come to my desk and get the cookies I brought in during the holidays. He'd also bring his co-workers to visit. We still communicated even after I left Prime. He was a very kind person. It is such a great loss to everyone who knew and loved him. My deepest sympathies to his wife and the rest of his family.

“ I was sad to hear of the news of Tom's passing. I worked with him at Prime for many years and he was so compassionate about what he did and always willing to go the extra mile to help even if it was outside of his work duties. Prime will miss his dedication, hard work, smiles and fun attitude. Thinking of the Klouda family during these hard times.

“ I'm saddened by this devastating news. I worked closely with Tom for several years at Prime. Tom was a valued business partner and very passionate about his work. He was always warm and kind with a big heart. I enjoyed and will miss our chats immensely. My deepest condolences to the Klouda family for your loss. Heaven has definitely gained a beautiful angel.

“ I worked pretty closely with Tom for several years. I worked in an area setting up data transmissions to clients, and Tom was the guy who made it happen on Prime's end. The times I had to reach out to Tom for guidance or assistance, not once did he put me off. He was the kind of guy you wanted to work with. My deepest sympathy to the family.

Sad news. I hadn't seen Tom since graduating high school nearly 40 years ago, but he was someone I had hoped to run into again someday. He always wanted his friends to come over and play army with all the little plastic army men he had. He would have the battlefield set up and ready to go when you got to his house. I remember we called him Colonel Klink in grade school and all these years since i would think of him if I saw Hogan's Hero's on TV.

Tom's laugh was infectious! He came down to Cleveland and rode one of the Belgian horses! So sorry for your loss! Tom was a horse lover! I will. Miss him a lot! He will be a great angel!
