“*Mary, I am so sorry for your loss, Tom was a great friend, and I was hoping to reconnect more in my retirement. Tom and I created many memories in Madison, he truly was the smartest person I have ever known.*”

“*To Mary and Scott We are deeply saddened by this news - we remember fondly so many wonderful things about Tom and both of use will always be grateful to the "Rectors" for the kindness and help shown to us when we were settling in Minnesota. May friends and family lighten the load of sadness you must feel --Ken and Helen*”

“ I worked with Tom at the VA as part of the 'data team'. I always enjoyed working on his projects - for the interesting projects that he developed as well as for the conversations that evolved from them. I appreciated his broad experience and background and his wisdom.
