“ Living four states away, I don't have too many memories but that means they are just that much more special. Early in my marriage to Nick Jamis, they got me to go camping with Jen's family. They didn't know me and it didn't matter. I was welcomed. One more thing, I remember watching him watch Jayla try to make it across the floor. He was so happy, so you know his grandkids melted his heart more times than possible to count. Warmest regards, Christy Jamis
