“ My memories of you Uncle Tom are many,, but the most that stands out was some years ago when I reunited with my dad....And you came to the house and we all sat around his dining room table and you were so emotional that I was there and wanted me to know as you cried how much my dad loves his daughters and always has talked about missing us You were very loving in ways and I am saddened from your leaving us, however you will no longer suffer,, and now are pain free in heaven with all of our loved ones and the Angels.... R.I.P. Uncle Tom.... XO ALL MY LOVE....
