“ *My thoughts and prayers go to the entire family. Mr. Spies was one of my favorite teachers while at Olson, and later, I was honored to have him write a letter of nomination for me to the United States Air Force Academy. I will always remember his gentle spirit, particularly when Barb and I would get the giggles so hard it would drive everyone around us silly!! God bless the family and know that our prayers are with you all.*

“ This is a message from me to Tom, because I know you can still see us, hear us, love us. It seems not so long ago, that we played together as kids, that we had family dinners at your mom and dad's upstairs apartment on Thomas street across from St Agnes School. Your mom always thought that we didn't eat enough if we had less than multiple plates full of her delicious food, plus 2-3 helpings of dessert. It seems not so long ago that we went on our annual summer vacations "up north" with all of the cousins, went swimming in the lake, went for boat rides, went fishing, played Canasta into the late evening, then woke up in the morning and did the same things all over again. It seems not so long ago that we both played football together at West Minnehaha on the "peewee" and "midget" football teams. I was the center, flicking the ball back to our best running back playing from a single wing formation. That running back was a fast and deceptive runner by the name of Tom! We even won the St Paul city championship one year, I think it was in the early 1950's. It seems like not so long ago that we graduated from high school just one year apart, then went to different colleges, got married to two sweet and loving ladies, and moved on with our lives, not seeing quite so much of each other anymore. What happened to all of those years? Why did they have to go by so fast? And now you're gone, but not forgotten. You're gone, but not forever. We'll see each other again sometime. Meanwhile, please say "Hi" to your mom and dad for me, and to my mom and dad too. And give them all a big hug for me. Tell them that I miss them, and I'll see all of you again when God calls me home. And finally Tom, please pray for all of us left here on this earth. Because we are still struggling with the hard part of our lives. But the struggle is worth it isn't it? This struggle leads us to the reward that God has prepared for us. You know that now don't you. Until later, your cousin, Bob

“ Dear Spies Family and Friends, My condolences to all of you. Mr. Spies was one of my favorite teachers. He and Dr. Cohen were the best math teachers in the Bloomington schools making sure girls learned the subject as well as the boys ... not common thinking in the 1970s! I remember Mr. Spies having students get him a cup of coffee from the break room. He told us to NEVER look at the coffee cup as we walked and the liquid would never spill. I still do this today! Mr. Spies died much too young. I'm thankful to have learned so many lessons from him when I was his student.

“ Was so sadden to hear that Mr. Spies, my favorite teacher in school, passed away. He made junior high and math fun, and always had a smile which helped a shy seventh grader. Was so happy when he moved to JHS while I was there. I was blessed to see him again a couple of years ago as his granddaughter was in my daughter's preschool class. Mr. Spies came a few times with her when Barb was on crutches and he still had the same humor, smile and remembered who I was after all of these years. I am glad I had the opportunity to tell him at that time that he was my favorite teacher, and to tell Barb all about how great he was as a teacher. “ It is with deepest sympathy, sorry and gratitude that we remember Tom. Tom and Mary Lou and their family were the first to welcome us into their home, after we moved to the United States. This family truly believes and lives in the global village. They have no concept of differences among people. Tom saw and treated all children as his children. Watching Tom with his children, grandchildren and other children, one got to see the man he was. He was gentle, soft spoken and firm when he needed to. Our family was blessed to have known Tom and his family. We learned a lot from Tom and Mary Lou about raising children and looked up to them. We grew to admire Tom's parenting style. He was pleasingly frank and utterly lacking in pretense or artificiality. He had a mind like a steel trap; his insight into problems that will confuse or mystify people of less keenness or disconcertment was amazing. Tom was witty, clever, generous and funny. To know Tom is to know the perfect father and grandfather not just to his own but all that crossed his path. Tom touched our family in many ways. He welcomed us, he befriended our family and we got to love his cooking especially his spaghetti sauce. We can only imagine the sense of loss felt by Mary Lou, Paul & Karla, Barb & Mario, Kathy & Brian and his grandchildren. We lost a friend and someone we regarded as family. You all lost much more. His spirit lives on in all of you and his wonderful grandchildren. His memory lives on in the many lives he touched. A Successful Man By Unknown Author That man is a success -who has lived well, laughed often and loved much; who has gained the respect of intelligent men and the love of children; who has filled his niche and accomplished his task; who leaves the world better than he found it; who has never lacked appreciation of earth's beauty or failed to express it; who looked for the best in others and gave the best he had. “ To the Spies Family ~ I am very sorry to hear about Tom's passing. I will never forget how he stepped in & took me (along with his niece Terri and her father) to our high school Father/Daughter dance many years ago since my own father had passed away. What a wonderful man! Rest in Peace ~

“ It's very sad to hear about Mr Spies's passing! :(Reading the entries before mine definitely confirms what I knew and always have & will feel. . . What a fantastic man he was! I had the pleasure of being in his math class at Olson Jr High in the mid 70's. LOVED his class! He was among a small handful of favorite teachers we loved. Leaving Jr high was made more difficult because I knew I wouldn't get to see him each school day anymore. Then years later, (1994 or 1995) when our oldest child was ready to start driving, I was SO thrilled (but not surprised Mr Spies was still teaching driver's ed) to see him pull up our driveway as Jason's instructor with ESSE! It was meant to be that Jason got so lucky to get Mr Spies as his behind the wheel instructor. :) Our thoughts are with his family and friends at this extremely difficult time. Rest well Mr Spies! “ Dear Spies Family - I was blessed to have Mr. Spies for math in both 7th & 8th grade at Olson. He made learning math fun and easy. I also remember him riding his bike to school wearing his yellow campaign t-shirts. Over the past 10 years, I have run into him numerous times with his grandkids at Moir or DQ, or bowling league nights at AMF - and he always remembered me with a smile and kind words. He was a great teacher and mentor. Thank you for sharing him with so many!

“ Dear Spies Family -Tom, or "Mr. Spies" as I knew him, was my junior high math teacher almost 30 years ago. His charisma, character and competence in the classroom and the hallways left an indelible impression on me and so many others that were blessed by his mentorship. My family's thoughts and prayers are with you all. May God guard, guide and comfort your family in this life and rest assured of a joyful reunion in the next.

“ *Mr Spies was my favorite teacher in high school. I remember he would go off on a tangent and we could have him talking all class. He told jokes and created a great learning experience. I am so sorry for your loss, he will deeply be missed:(*

“ I was saddened to learn of Tom's passing. There are so many good memories of all the great times that I spent with Tom whether it was on the sidelines watching our kids play sports, music concerts, or working together professionally. He was a class act and a genuine caring person. My heart goes out to you Mary Lou and your family at this time and in the days ahead. Ken Johnson

“ To Tom's family, A friend forwarded Tom's obituary to me this evening, and I am in complete shock. I have known and admired Tom for many years, and he was always one of my favorite councilmen! He had honor and integrity as he helped shape our City. He always looked out for the City's employees. I'm sure he was a fabulous teacher too. He will be missed by many. My sincere sympathies to all of you.

“ Tom was a terrific teacher and coach. He truly was someone we could model our behavior after. A funny, kind and energetic man who treated all the kids at Olson Jr. High exactly the same. Tom was good to everybody and the kids loved him. He taught us all to just relax and let the game come to you. Rest well Mr. Spies you were a great influence on thousands of kids. God Bless you.

“ Dear Spies Family, Mr. Spies was a teacher icon and an inspiration to me. I had the joy of being in his math classes for 9th and 10th grade (back in the late 80s). I am reminded of particular phrases he would use: "pick a corner of your brain," "show your chicken scratching," "when you can't figure something out, go eat some ice cream." He was one of my influences for becoming a teacher. He created many positive ripple effects from his classroom. I am privileged to have been a part of that experience and honored to have known him. May God give you the peace that passes all understanding.
