“ *I am so sorry to hear this news. I knew Tom all the way back to high school. He had an infectious laugh and was easy going and a very kind person. Whenever I saw him he would say "What's new Julie?" and I would always have something ready for him, even if it was new headlights on my car. He would always love the fact that I had something to say and never the "not too much" when most people answer that question.
He sure will be missed.*

“ This is such a shocking loss, me and Tom grew up as close cousins and he was the closest thing I had to a brother. We had so many fun times, he was hilarious to hang around with and always was upbeat and never lost enthusiasm, that is success to me. I will miss him.

“ Tom was my uncle who i will miss dearly. He always welcomed me with a hug and a huge smile saying "hi honey". I loved hearing his laugh. He was taken way too soon and i wont go a single day without thinking of him! He is with his mom now

“ It wasn't supposed to end like this! You were In your prime. Everything was going your way! You were starting to let loose, have fun, laugh, and just enjoy life. I hate that you are going to miss the best years of Molly and Tim's life, when you start to really becoming their best friend, because that does happen. I hate that you won't be able to take your grandson fishing. We had our disagreements in the past, but family is family. You always forgive and forget ...ALWAYS!! I am blessed to have spent the that last 24 with you before your passing! I hope you are a better bags player up there, then you were down here. If your playing with grandma and Jim, you may actually be pretty good.. 😭
Love you Uncle Tom!!!
