“ *To the Hahn Family,*

I was so sadden to hear of Tim's passing. I grew up with the Hahn family in Clear Lake. I remember he and Laurie dating in high school and what an adorable couple they were. Tim ALWAYS had a smile on his face, much like his dad. My sympathies to his entire family, Laurie and kids, Duane and Rick. I'm sure his reunion with his mom was incredible. Know you have an angel watching over you all the time, look for the signs, it's amazing when they show up to help you through the tough times. RIP Tim and ride on! Losing a loved one so young is so heartbreaking. Prayers to you all.

“ *It didn't take long after meeting the Hahn family in 2010 to understand how very well respected Tim lived his life in family, friendship and business. We are thankful for the last several years of getting to know Tim, Laurie, Ben, Amanda and so many other wonderful friends and family members. It's impossible to imagine another individual that could have better mastered the art of living life to it's fullest, with a permanent a smile on his face and a huge heart of gold. Our thoughts and prayers are with the Hahn family.*

*Respectfully,

“ We were blessed to get to know Tim and Laurie through the motorcycle group, and always enjoyed the rides when you two were along. Tim was a great guy, and I loved how his eyes sparkled when he smiled. The last time we saw you both was a sad occasion, but I remember Tim making us all smile and talking about riding this summer. Our deepest condolences to you, Laurie, and to your children. We will miss Tim, but know he will always be with us in spirit.

“ Uncle Tim - I don't even know where to begin. You were an amazing uncle. I'm going I miss you so much. So many great memories! My favorite and most recent is the way you showed me how to live on the wild side on our motorcycle ride through the Black Hills last summer. I will never forget it! You had the most amazing hugs - I'm really going to miss them. ?? Brandi

“ I barely got to know Tim as he was highly recommended by a business man from overseas. Had a great initial discussion, then he was off to a vacation. Sadly, I wont be able to get to know him. Too bad and very sad. My prayers to his family. And my heartfelt condolences.

“ I had known Tim for a short while but felt as if I had known him for years. He was one of the most talented, well respected and honest individuals I have ever had the pleasure to work with. I looked up to him as a mentor and a friend who was always willing to help without hesitation or expectation. My thoughts and prayers go out to his family.

“ *I am still in shock with the loss of our friend Tim. My greatest memory of Tim was while we where in high school together, when Tim and I got to travel a luxury bus with the Clear Lake Lions basketball team that made the state tournament in 1979, Tim and I were fortunate to be bench warmers for most of the season, but we actually had the opportunity to play in the state tourney for only a few seconds. I just remember how nervous we both we're and how much fun we had then, lots of laughs. I was able to meet up with Laure and Tim on and off over the years and just recently, 2012 had a great time with them at dinner to catch up. Laurie and family may God's love hold and comfort you. God Bless you Tim and we will miss you!*

“ *I have known Tim for 15+ years through business. He was truly an exceptional person, that made you feel like part of his family. He would do anything for you at any time, and never expect something in return. He was a great story teller, and passionate about his family, his work and his life. He set the standard in our industry for being a true professional. More importantly, he was a friend that will be greatly missed. My heart goes out to his family and friends.*

“ Laurie, Amanda & Ben: I have special memories of your parents during college and the years that followed. On our baseball team at Augie I always referred to him as the "Big Hummer" as one of our starting pitchers. He proved it the year we played against Creighton holding the blue jays scoreless for five innings. He always had a funny comeback line to make you laugh or bring your spirits up. I missed that as we grew older and lived further distance from each other. I used to make trips to Minneapolis just to get your mom's chocolate chip cookies.....I still can't believe when they showed up at our house the other summer decked out in their biker attire. My kids were wondering who the scary people were pulling up to our house. We will keep you in our thoughts and prayers. We send our love to you, Tim & Lee Dardis, Sioux Falls SD

“ I have several great memories of Tim from both high school and college. He had a great laugh that made me laugh along with him. He was a great singer, athlete, friend and classmate. He contributed a lot to the class of 1981. I haven't seen him in many years however the photos and captions I've seen the last few years assures me he continued to bring joy to those around him. He was one of the all-around good guys. God must have needed him in Heaven for something big. Rest in peace my friend.

“ Laurie, Ben, Amanda and other family that I haven't had the pleasure of meeting. I want to express my sincere condolences to you on your loss. I got to know Tim first as a business associate and then as a friend and am saddened by his loss. He was a great friend and better person.

“ When I think of Tim, I picture him laughing. Always laughing. (Of course, frequently I was laughing even harder since he and Rick, being fun-loving older cousins to me, were often tickle-torturing me). Rest in peace cousin.

“ I will always remember Tim trying to teach me sports in the field across the street from their house. If I was going to have the Hahn last name in Clear Lake, I was not going to throw like a girl. I was the first of many to be coached by Tim. The field is now covered in houses, but the memories will always be with me. Love your cousin, Laura.

“ Tim was the best little big brother anyone could have. He was always there when you needed him. He was also never afraid to try new adventures and share with friends and family. For a recent example, I was able to talk him into trying hunting (scary). It was quite a laugh watching him struggle with the “Left Handed” double barrel shotgun, shooting both barrels at the same time. Even scarier, was when he talked me into buying a motorcycle after 30 years and going to the Sturgis Bike Rally the same year. Really going to miss you!! Say hello to Mom! Your Big little brother, Rick.

Tim was baptized in Christ while I held him in my arms when he was a tiny baby. He was a fine Christian boy growing up and a blessing to his family and friends. Though he will be much missed by his family and friends and co-workers, it is a blessing to know that my "God-son" is now in the arms of God and his dear mother Ethel. God is good and so was Tim..

Rick, I was editor of the Mirror-Reporter when you and Tim were at CLHS. I remember both of you from your performances in "South Pacific." My thoughts and prayers are with you, and with all people whose lives were touched by your remarkable brother.
