Timothy Christopher White, Blaine MN

October 21, 1958-March 20, 2021

Tim passed away peacefully with his children by his side.

Private services will be held.

Tim was born October 21, 1958 to Richard and Patsy White. He was the oldest of four boys.

He married Terri (Parrott) and had two children Christopher, and Jennifer. As a family they enjoyed outdoor activities such as teaching his children how to ride three wheelers, and RC car racing. His favorite memories were camping trip with his best friend Terry Closson. They couldn't wait for the weekend to pack up the truck campers and change into their REALLY short cut off jean shorts. There was nothing better than hanging being outside enjoying the sun, relaxing in a lawn chair.

Tim as proud of his career as a metal finisher and would distinguish himself as "the best". In the mid/late 90's his love and passion for the trait would find him a job opportunity and new home in Milwaukee Wisconsin.

Not long after he moved to Wisconsin his brother Rick would soon join him in living in Wisconsin. Tim could not have been more excited as the two were

very close. Tim really enjoyed the time they spent together and often called home to his friends in Minnesota to brag about all the fun they were having. Many may remember Tim for things such as his stubbornness, attitude, sarcasm, and his entertainment sound systems and car speakers. He may have a crappy car but boy the speakers would blow you away. He enjoyed messing with people for laughs and no one was safe not even camp rangers. The last few years Tim was living with his girlfriend Deb in Harmony, Minnesota.

"The supreme happiness of life is the conviction of being loved for yourself, or, more importantly being loved in spite of yourself"
