

Troy Andrew Cummings

August 23, 1969 - November 30, 2024

Troy Andrew Cummings, age 55, died November 30th peacefully with family and friends by his side. He had a bilateral lung transplant in 2021, complicated by lymphoma in 2023. He recovered well from these conditions but couldn't beat an underlying infection.

Troy loved his family, friends, his cats, hunting for rocks and "treasures". He loved making art out of these found treasures. He also liked to shop in the secondhand stores for special things; these he would re-create into a Troy special. He could see unique things hidden in an object that no one else saw. He would pull that uniqueness out to create previously unrecognized art. He loved old cars and watching car rebuilding shows and watching old movies. Troy was very generous and caring. Troy will be deeply missed.

He is predeceased by his mother Sandra Welton Von Holtum. He is survived by his father Dean, stepmother Ann, stepfather Ed Von Holtum, sisters Joanna Cummings, Susan Shannon (Chris), stepbrothers Seth and Ben Altschul, his beloved nieces Kylee, Summer and Alyson Shannon, aunts and cousins.

Troy's family would like to thank Dr. Patil and the staff at the M Health Fairview Lung Transplant program and Dr. Monteiro and his staff for the good care they gave to Troy to get him through his journey. Also a special thanks to the staff

at the Friendship Community Home for their good care, kindness and support of Troy. We would like to express our gratitude to his CaringBridge team, family and friends who cheered for and supported Troy through these last four years and who also supported and fed us with food and love through the ups and downs.

A Celebration of Life will be held January 20th, 2025 beginning with a visitation at 9:30 am, Celebration of Life at 10:00 am, and a reception at 11:00 am at Washburn-McReavy, 515 Hwy 96 W, Shoreview, MN 55126.

Anyone wishing to donate in Troy's memory please give to either:

Breathing New Life which helps patients and families with non-medical expenses during and after their lung transplant : <https://breathingnewlife.org>
