“ I remember the first time I met Tuan was on a winter day after a foot of snow. Tuan was out shoveling and I came by to drop off my truck. It just happened that I had my snow blower with me. We worked together to clear the sidewalk. After we got to talking I realized that he was Raks dad. What really impressed me was not only his hard work ethic but his kindness. He is someone you could easily see how much he cared and you would be proud to know. Of course these traits can be found in Raks who has gone way beyond in taking care of our vehicles and our family will always be grateful for his friendship and Tuans Auto Shop.
