“ Nita was so wonderful and kind. She treated everyone like life-long family. My mother Carla (passed in 2020) was one of the Swanson Cousins and raved her entire life about Nita and Roger. She loved them so much. Nita and Roger took me in as one of their own when I came to the Twin Cities for grad school. They were so generous and kind as I stayed with them many weekends. Nita's kindness was infectious. I was fortunate to see them a few times after my school days ended and meet their family. The stories from my mother about their family and days at the lake home were really great to hear. Nita is certainly one of the great people of this world and her positive impact is left with so many that she encountered. Like so many, I feel fortunate to have known her and better for it.
