“ *"I would like to express our Erdahl family 'condolences' to Verna's immediate & extended family on her recent passing. It has been many years since we've visited together in a family gathering, but memories of our more youthful years with smiles & laughter still are kept in our hearts - forever. Life's battle with this type of disease is rough on close family as communications are lost or very limited; LOVE does remain to give hope & strengthens the long caregiving efforts, especially made a little easier with the recall of Verna's genuine loving nature expressed in all of her actions in giving of herself & talents to all. Our prayers & thoughts are with each family member for comforting & peace. "* - from Len & Arlene & Shirley Erdahl and families.
