“ Gary, so sorry to read of Mom's passing. I remember her fondly from working with her at Electramatic over the years. Remember how she would come into work and tell us about the breakfast she would make you....pancakes I believe and she always had to make jello for you :) Been many years since I saw Mom but did talk to her a couple times on the phone and just never got back to her....but thought about her every time I went to the dentist which was right by the house. I still have the saw that your Dad did the painting of my Grandma Thompson's house and barn. We ran into each other at a school program your child and my granddaughter were in maybe around 2000-2001. Again Gary and family so sorry for your loss.
