“ I was sad to hear of Viola's passing. I always admired Viola's strength and humor when she had so many health problems. And I always enjoyed visiting with her. I saw her more when my Mother (Rosella) was alive and she would stop to visit. We had some great laughs together. You were very lucky to have such a wonderful, loving, caring, Mother as she truly was. I know she is in heaven with those already there, probably having a great time! My deepest sympathy to you all. “ I have fond memories of taking mom out to Becker to see family and friends. We would go to Santiago Cemetery to see all of our family and we always had to stop to eat in Rogers, MN. We tried to go every year, but the last few years her health was failing and it was hard for her to make the trip. We were able to go to her class reunion this year and that made her very happy. I love you very much mom. You have touched so many lives, and you will never be forgotten. I miss you so much already!

I know how important your mom and grandmother was to each of you. We have all been blessed by her giving and loving ways. My memories go very far back to 1961 when Viola befriended me as I walked by her house. Our friendship grew into a Love for her and all of you. The many gifts of acceptance by Viola and all of you have been such a wonderful blessing to me. Viola had an ability to Love and accept anyone. I will miss her will cherish the memories and times with her and all of you. Thank you for sharing her with me. Love you all. Carol Cater (Foss)
