“ I only had the privilege of knowing Violette thru Facebook after my mother died and I discovered she and Violette were cousins. What a vibrant lady, so full of spirit. Her near daily "Good Morning's" and shared scriptures along with other shared posts always brightened my day as I'm sure they did many others. I'm only sorry we didn't meet in person - I know she will always be missed. Godspeed Violette - we will meet some day!

“ Mark, sending love and hugs to you. I had the opportunity to help your Mom in Crystal and also when she moved to Nathan Lane. The best way to describe your Mom was unique and a true missionary.
