“ *First of all I wish to start by sending my belated heart felt condolences to Wally Family and Friends.
I was introduced to Wally by a mutual friend as he felt Wally expertise would assist me in my research project for my MSc. Wally donated his valuable time and efforts in guiding me in the right direction.
Unfortunately a serious Car accident prevented me from completing the final piece of my MSc submission, until now.
I will be acknowledging Wally contribution to my MSc, and dedicating it to his memory.*

*Regards,
David Davies*
