“ I grew up with Ward and Mark, just living a few blocks away. We had many fun times at their house and at school. I have quite a few forever memories with Ward. One such memory was the old metal submarine they had in their yard. While it was not a 100% real thing, we played as if it was. I can't say we stayed in touch after high school, but those memories still keep me happy and smiling. Thanks Ward..... up periscope !

“ Ward, You have gone too soon without a word to your neighbors. We received the news of your passing with a great shock. Ward had been a great neighbor to my family and I since 10 years we have been in this block. We will dearly miss you but God Almighty will reward your kindness with eternal happiness. Rest in peace! “ *Devout (his commitment to the work he did, his family and those he cared for was un compromised), talented, wise, generous, open and loving, to call out only a few of his attributes. I would literally brag about my relationship with Ward and what his contribution means to me*
