“ Wayne was a wonderful person and I'm grateful he was my godfather. I remember the summer my brother Steve and I helped him paint the roof of his hangar (and I fell off!) and the time my high school car died just before graduation, and Wayne lent me one of his at a time when having a car was SO important. He was smart, funny, and kind. He was curious, and could make great conversation wherever he went. He and Linda visited me and my family out here in California back before the pandemic; it was a lot for them to travel that much, and I so appreciated getting to see them and show them our life out here. I was sorry I couldn't do more to help him get back on his feet in these last years.

“ *There is so much I could say about Wayne. He enjoyed giving me rides in his airplane for my birthday. He was a huge help and presence in my life after my dad passed. We are sad here but I envision him and Linda back together again. 🙏 Cari Wolf*

*I and my deceased Larry always enjoyed talking to Wayne. I also remember his parents being friends with my in-laws Lenora and Ed Frost. I am sad to hear of waynes passing and extend my sympathies to his family. RIP Wayne*

“ When I first started out in College Radio at Mankato State, Wayne was the student station manager. I could only hope that if I stuck to it, one day I could be like Wayne. Confident, unflappable, trusted, admired and a fellow who could laugh as hard as anyone. He was all those things not just then, but his whole life. There are dozens of us all over this earth that have been touched by him. Back in the 60's and 70's, that college station signed off each night at midnight. It was Wayne's voice that wished us a midnight "Good night...and Good Morning". We shut off the signal..and the carrier then. For Wayne, that signal and carrier will be with us until the end of our own days. Peace to his family. Tom Ziegler

“ Many, many memories. My heart is broken for the loss of this friend of over 50 years! I remember breakfast out after the midnight sing off, often with Steve Wolf as well as Wayne, and who knows who else would join us from time to time. And of course, I remember the recorded sign off of KMSU that Wayne recorded. I will keep Wayne alive with several more memories in my heart. God speed, my brother!

*I would see Wayne each year that I attended the fly-ins at Brodhead, WI. He would always walk up to greet me as I taxied in with my Swift or Fairchild 22. He was a great man, loved antique aviation and made this world a better place. He will be missed. Farewell my friend!*
