“ I had the great privilege of working with Wendy at DEED in the Extended Employment program. She was a work friend much appreciated by me. She was strong during the initial onset of cancer. Kept going during her many medical procedures.

Yet she always showed up and did her best to provide the support that helped so many persons with disabilities that received help from our program. She was a partner for all of us.

I know from many conversations that she loved her family and enjoyed her friends. Her wicked sense of humor, her care for those around her, and her continuing willingness to help out made being with Wendy a daily blessing.

“ Wendy was always a part of our family. It didn't matter how long it had been since we had spoken or saw each other. Once together it was as if we had seen each other yesterday. She had the gift in making you feel special. Scott and Wendy dated and remained friends after. She will be greatly missed! RIP Wendell
