“ *My deepest condolences to your family.*

*I recall many years ago when I was a student at Iowa State studying Landscape Architecture, Bill helped me find a glorious summer position in the cities. Even with all of the pressures of running a company, he took time for me, listening to my idealistic dreams for the future. Always smiling and welcoming me into the family during my college summers. My life was touched by the kindness of the Jaeger family, by their faithfulness and values, led by Bill's loving direction and supported by Alice Lee. Many blessings to your family, now and forever.*
