“ My Dearest Billy,
I can't imagine this world without you. You will always be in my heart and memories. You came into my life at such a vital time and you made a tremendous impact on my kids, Axel & Bianca. I will miss your stories & boasting of "Little Billy", Izzy, Emma and the entire family! You made me laugh and cry with those stories and our conversations taught me so much about life. I miss you deeply my friend. We will meet again some day in heaven.
Love always,
Angie

“ I am so much wiser, caring, outgoing and sensitive because of Uncle Billy!!! I know he has influenced the family in so many ways, as well as friends. Uncle Billy lived life his way, and lived it well. I pray the family will remember the many joyous memories (and there were many) when you think of him.

“ It is rare to find a man, a family that will take in another family and treat it like his own.

Billy J was that type of man and showed my family so much love that to us he was family!

He will be missed deeply by us and anyone he touched!
